

## **ALL RACERS MUST READ - REQUIRED RACE INFO**

### **THIS IS A RACE...WITH TWO GUIDING PRINCIPLES:**

- 1. HAVE FUN!**
- 2. RIDE SAFE!**

### **SAFETY**

- **TO AVOID COLLISIONS**, please stay on the correct side of divided cones on road (with flow of traffic).
- **WHEN PASSING IN TIGHT, TECHNICAL, OR GRAVELLY SECTIONS**, use good judgment. **DO NOT** endanger yourself or other riders.

### **COURSE ETIQUETTE**

- Slower riders please stay to the **RIGHT** of the course.
- If you need to walk a section of the course, quickly look behind you, and if safe, immediately move to the right side of the course.
- **WHERE SAFE**, yield to faster riders coming from behind.
- Faster riders announce yourselves. "**RIDER RIGHT, RIDER LEFT**, etc."
- Cursing at or insulting other riders (in any class) **WILL** result in disciplinary action by the Race Director, and possibly permanent removal from the series.

### **FINISH LINE INSTRUCTIONS**

- Finish results are based on your finish order. Time starts when your race class starts, **NOT** when you cross the start line.
- The **RACE FINISH LINE** is at the **FINISH ARCH**.
- After crossing the **FINISH LINE** you **MUST** go through the **FINISH CHUTE**. No passing after the finish line. Slow down and keep your position in the finish chute.
- **DO NOT** enter the **FINISH CHUTE** if you are not finishing all of your laps (**DNF**). Exit the course before chute and inform **TIMING OFFICIAL** of your (**DNF**)
- You **MUST** pass the scoring table to ensure you are properly scored.
- **DO NOT TALK TO THE TIMING FOLKS**. The scoring folks are trying to capture race numbers at a crazy pace. **INSTEAD** If you have questions, any other **OTH Staff** will be happy to help.

- Results are posted **LIVE**, both onsite and online. There are self-serve kiosks where you can enter your **RACE NUMBER** and see your results. Online results can be found at <http://raceoc.com>
